

B V S Arun Kumar

Associate Professor

Department

Mechanical Engineering

arunkumar.bvs@raghuengcollege.in

Academic Background

Ph.D (Industrial Engineering) – Indian Institute of Technology, Kanpur

MBA (Manufacturing) – Indian Institute of Technology, Kanpur

B.E (Mechanical Engineering) – Andhra University College of Engineering, Visakhapatnam

Mr. Arun Kumar has rich experience in the field of Industrial Engineering. He has taken subjects related to manufacturing and has been proficient in teaching subjects like Production Technology, Machine Tools, Metrology and Non-Conventional Manufacturing Processes.

He has worked as Industrial Engineer on various projects involving systems reengineering of production operations of different companies. He is also a member of the prestigious Institution of Engineers India (IEI).

Research Interests:

Manufacturing – modelling & simulation, Sustainable Manufacturing, Metal Matrix Composites.

Achievements:

Paper titled "Sustainability Analysis of Cutting Fluids in MQL of Machining Operations" in Conference Proceedings of NCSMSBP, in Nov. 2020.
