

Ms. G. Sravanthi

Assistant Professor

Department

Electrical & Electronics Engineering

srav.mercy@gmail.com

Academic Background

M. Tech (Power Electronics) – JNTUK.

B. Tech (Electrical & Electronics Engineering) – Gokul Institute of Technology & Sciences.

Ms. G. Sravanthi has rich experience in the field of electrical engineering. She has taken subjects related to Power Electronics and control systems and has been proficient in teaching subjects Power Systems, Electrical circuit Analysis, Electrical Machines and Power electronics.

Research Interests:

Power Converters and Power systems

Achievements:

Projects include Performance Analysis of LIC Resonant Converter Fed Solar Array and Fire detection Robot.
