Dr. G. Ramesh babu is currently working as Professor and Associate Dean of IQAC in the department of Electronics and Communication Engineering, Raghu Engineering College (Autonomous), Visakhapatnam, Andhra Pradesh, India. He is serving as the Coordinator of Entrepreneur innovation Start up Centre (EISC) and NAAC in the Institute. He received his Bachelor of Technology (B. Tech) in Electronics and Communications Engineering from Nagarjuna University, Andhra Pradesh (1994-1998), and obtained his Master of Engineering (M.E) from PSG College of Technology, Coimbatore, Tamilnādu (2001) and Doctor of Philosophy Ph.D. in Electronics and Communication Engineering from Osmania University, Hyderabad, India. (2014). He has over 18 Years and 4 months of teaching and industrial experience. Prof. Ramesh Babu has served as Principal, in Sri Sivani Institute of Technology Srikakulam, AP, India during July 2015 – Feb 2018 and also Vice-

principal, in Sri Sivani College of Engineering during jan2014 –june 2015 and served as HOD in various colleges.He has taught several undergraduate and graduate courses in Signal Processing &Communication Engineering area and supervised nearly 20 UG and 15 PG student projects in the area of Signal processing and communication systems. He published more than 25 publications which include journal papers, conference papers. His research interests are in the areas of Signal Processing, non-stationary signal processing, Speech processing, Image processing. He is a Life Member of Institution of Engineers (IE), Indian Society for Technical Education (ISTE). He submitted Research Proposals to AICTE entitled “Optimized Cascaded Scheme for Speech Enhancement in Non-stationary Noise Environment by Hearing Aid Users”. DST to “Improving the Speech Intelligibility in Cochlear Implant Users under Reverberation Noisy” and “An Innovative Optimized Cascaded approach for Speech Enhancement in Car Noisy Environment”.
